Form Ranks for Uniform Inspection

- (single out full uniformed scouts)

At Ease

Men, you have completed various training assignments, advanced in ranks, secured pins, awards, and belt loops. I am proud of your accomplishments. Your parents are proud. Your fellow scouts are proud. But we are not done. We have yet another mission. We are surrounded by enemy fund raising efforts. We will not succumb to their weak efforts. No, we shall be victorious in delivering necessary sustenance to the popcorn- deprived citizens in our community.

(On the white paper, draw map of your targeted customers)

- Neighbors
- Family Members
- Friends
- Relatives

Every mission must have a goal. Our goal is to exceed last years record popcorn sales of \$x,xxx. Every individual effort is important to our success. Leave no scout behind. If every scout carry's his weight of selling 25 items, we could generate over **Fill in unit projection (Project \$200 per Scout in Unit)** in sales.

There is a great reward for those who participate. All those who fill up an entire take order form in the first week will get a special popcorn patch. Scouts who accomplish this task will have a chance to win a Sports Package or Back Pack.

For those few brave souls that storm the beaches, knock on the doors, run down the sidewalks, call your aunts and uncles and sell the most popcorn, there are special prizes for the top sellers.

This mission gets underway on **Sale Start Date** and needs to be completed by **Sale End Date**. There will be no scouts allowed to advance before the targeted deployment.

So, scouts, I just have one question for you. Can you sell more popcorn than last year?

All those that are with me, please rise and join me in our scout promise as a sign of your commitment to this mission.
